Bad weather arrangements

With the likelihood of bad weather affecting us at some point this term, we would like to reiterate our procedures should we have snow in the upcoming weeks.

We will always endeavour to keep school open, but in the event of having to close we will inform you via the school app as soon as possible. Information will also be placed on the school website and on the Kirklees Council website. Travel and gritting arrangements can also be found on the council website.

We always consult with people in the area, other schools, weather alerts from Kirklees and take into account staff numbers in school before making a decision. Our prime concern is the safety of your children.

Communications Reminder

We would just like to remind you of how we communicate with yourselves and what systems are used.

Alerts via the school app are used for short notice/ quick reminders to the whole school or class. These also appear automatically on the school website.

More substantial information/ letters are sent out via **email**. Email is also used when we need to contact specific parents rather than the whole class (eg for clubs)

News and dates that may be of interest to anyone are sent out on the bi weekly **newsletter**.

In addition

Information about what your child is learning in school with additional class dates is on the class half termly **curriculum letter** that is sent out via email and also available to view on the website.

Homework and any remote learning for children is placed on the child's **Microsoft Teams**.

Class blogs on the website are **not** for parent communication, but to celebrate what the class have been doing and may be of interest to anyone.

To help build confidence within your communities we would like to offer one-off taster sessions or a series of workshops in the following:

MINDFULNESS WORKSHOP

A SERIES OF TECHNIQUES TO PROMOTE A CALM AND RATIONAL OUTLOOK

COMMUNITY INTEREST COMPANY

Feeling lonely, anxious, isolated, or broken?

Following on from our successful first cohort we're pleased to announce our second cohort starts on 19th January.

Funded by the National Lottery and One Community our informal programme based in a woodland on the outskirts of Honley supports your wellbeing and introduces you to others who may feel the same way. A great opportunity to make new friends, learn new skills and instill the sense of calm to be found in our forest.

A series of five woodland based and catered workshops running 10.00 – 2.30 every Wednesday for five weeks.

If a weekend day would work better for you please contact us as, dependent on demand, we are keen to consider.
